# *In* Seventh Heaven

**If every single one of us  
helped just one child,  
what kind of impact  
would that have?**

## A HUNDRED YEARS FROM NOW,

...it will not matter what kind of car I drove, what kind of house I lived in, how much money I had in the bank, nor what kind of clothes I wore. But the world may be a little better because I was important in the life of a child. —*Author Unknown*

“**For The Seventh Generation**” provides non-law related services to all neglect and abuse wards of the court, by encouraging and matching volunteer community organizations and individuals with a child and family in need. Any organization or individual who desires to offer direct and tangible help will be given the opportunity and structure to participate in a program that directly addresses the special needs of that child and his or her family. Our goal is to bring the children and our community’s resources together in an efficient, timely and continuing manner by serving as a “clearing house” to match those willing to volunteer their time, talents or merchandise to those children identified as needing such assistance.
